

KMBC COVID-19 RESPONSE

DO LIFE TOGETHER

"Community with the other students, like joking around before class, or working with each other, or the rides to Sunday evening service in the bus... we're in a small community on a small campus and we are doing this whole college life thing together."

KATIE ELLIOTT '20

SPIRITUALLY RICH

"KMBC is such a spiritually rich place and you'll grow a lot, being in chapel, talking with staff, and being a part of a unique campus culture. The people are amazing and you grow so much in dealing with people, making life-long friends and growing together."
