# ALUMNI UPDATES:

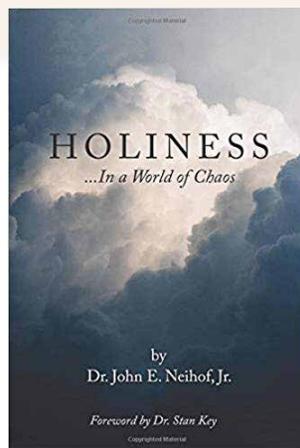

**Update about what has come in for rebuilding Jerry's Barn and things:** Jerry and Linda Cox are very thankful for everything that friends and Alumni have given for rebuilding the barn and buying a hay baler. They have been able to buy a package deal of construction materials for the barn, and work teams are planning to come and put it up. It will be an equipment barn. Friends and family have also bought Jerry Cox a new tractor, which he hopes to have by the New Year. If Alumni are able to send more funds for the project, it will go to replace other things that were burned and hay for the rest of the winter, as his hay was lost in the fire.
